Mayor Christiansen,

Kent Sussex Leadership Alliance supports efforts that make our communities safer, more welcoming, and economically vibrant. Roadway safety is essential to ensuring residents, employees, and visitors feel comfortable traveling through Dover. Too often, motorists experience unsafe conditions when pedestrians stand in medians or approach vehicles in active lanes of traffic. These circumstances increase risk for everyone involved. A cleaner, safer, and more orderly transportation environment benefits the entire community and reinforces confidence in Dover as a place to live, work, and invest.

For these reasons, KSLA supports the Proposed Pedestrian Safety ordinance as a proactive measure to reduce dangerous interactions and protect the wellbeing of both drivers and pedestrians.

Thank you,
Shelly Cecchett
